What if a student says they are unable to achieve their goals?

*Encourage the student to keep trying and to change their way of thinking. They have not achieved their goal YET. It is still possible and the only way to do it is to work hard and to keep trying. If a student is adamant that their goal is unattainable, encourage the student to request a conference with the teacher to discuss their goals.*

What incentives do the students receive for achieving goals?

Can I visit my students at times other than Goal Buddy Visits?

*There are plenty of opportunities to support your students outside of Goal Buddy Visits. Your Program Coordinator will keep you up to date on any events occurring at the school that you may like to attend if your schedule allows. You may also make other arrangements to visit the students, but arrangements should be made with the teacher ahead of time. Academic instruction time is top priority, so your teachers will be able to tell you a good time to come by.*

What do I do if I suspect my student needs help, and I am unable to assist?

*Your Program Coordinator is your best resource for any questions you may have regarding your students. When in doubt, your Coordinator is ready and willing to help. If you suspect there is a serious issue of child abuse or neglect, please follow Nebraska State law by contacting Child Protective Services or 911. Your Program Coordinator can assist you with this process if you would like.*
