WE'RE CELEBRATING 35 YEARS!

For over three decades, P4K has been serving Omaha's youth with programming, opportunities, and a continuum of support designed to steward them through critical academic transitions beginning in elementary school and continuing through postsecondary education. Alongside invaluable collaborating partners, P4K is bridging the opportunity and education gaps for our youth, enabling them to overcome barriers and become Omaha's next-generation workforce and rising leaders.

The Yanneys, Hobermans, and Hollands set out to change the landscape of Omaha by investing in the potential of our youth. Together they established Partnership 4 Kids as it is known today; a mentoring organization celebrating 35 years of cultivating the community's next generation of leaders through academic support, postsecondary exploration and career readiness which help place P4K students on a pathway to lifelong success.

Through the unwavering dedication of its founders and the commitment of its community partners, Partnership 4 Kids has become a beacon of hope and opportunity for the youth of Omaha. By providing a comprehensive range of programs and resources, P4K is empowering students to excel academically, explore postsecondary options, and develop the skills needed to thrive in their future careers. With a legacy of 35 years and counting, P4K continues to inspire and uplift the next generation of leaders, ensuring that they have the support they need to reach their full potential and make a positive impact on the world around them.
